

# BGS-250-115

## Diamond Grinder

### BGS-250-115

Diamond Grinder

The BGS-250-V2's compact size and weight makes this machine easily maneuverable and provides great functionality on readily available 115V, 15A power. Though compact, the BGS-250-115-V2 is a powerful high-performance machine that is built for the rigors of the professional surface-prep contractor.

**GRINDING WIDTH:**  
10 IN | 254 MM

CONCRETE / STONE / ASPHALT / ELASTIC MATERIALS

**WEIGHT:**  
NET 165 LB | 75 KG

**DISC SPEED:**  
862 RPM

**DIMENSIONS:**  
L 24 IN X W 18 IN X H 32 IN  
L 610 MM X W 457 MM X H 813 MM

**ELECTRIC:**  
15A | 115V, 1ø, 60HZ | 1.75 HP

### Dust Collector Option(s)

#### Key Points

- Flexible coupler helps provide even grinding and maximum disk life
- Grinds within 1/2" (13 mm) from walls
- Folding handle with cord wrap for easy transportation
